The screenshot shows a Windows 7 desktop environment with a Bing Image Search window open. The search results are displayed in a list format, showing various images and their corresponding URLs and sizes. The selected result is 'Los reyes católicos' from BBC MUNDO.com, which is displayed in a larger preview window on the right. The preview window shows a historical painting of two kings wearing crowns, with text describing the 'El imperio castellano' and the conversion of the Spanish language to Castilian. The search results list includes items like '... de los Reyes Católicos', '... futuros Reyes Católicos', 'Reyes Catslicos (1469-1504 ...)', 'Reyes Católicos', 'Reyes Católicos', 'Los reyes católicos', 'LOS REYES CATÓLICOS. ISAB...', 'ante los Reyes Católicos ...', 'It is a thesis presented in ...', 'reyes-catolicos', and 'Personajes de la historia ...'. The selected result 'Los reyes católicos' has a rating of 4 stars and a size of 17,7 KB. The preview window also shows a navigation bar with buttons for 'Atrás', '1', '2', '3', '4', '5', '6', '7', '8', '9', '10', '11', '12', '13', and 'Adelante'.
